# Midst a Garden Fair

The kiss of the Sun for  
pardon  
The song of the birds for  
mirth  
One is nearer GOD'S heart  
in a garden  
Than anywhere else on  
earth

DOROTHY  
FRANCES  
GURNEY

VAN BOURGONDIEBROS.

BABYLON, LONG ISLAND, N.Y.

*A* Rock Garden with living, ever-changing flowers, is without any doubt the most fascinating garden, and affords greater possibilities than almost any form of horticulture indulged in by enthusiastic horticulturists, professional as well as amateur, connoisseur as well as the old-fashioned gardener.

# Selected Rock Garden Plants

## 12 Dwarf Growing Rock Garden Plants

These twelve colored illustrations are just to demonstrate what beauty spots can be created when distributed among a heap of rocks, artistically arranged with some good garden soil, as the illustration of the finished rockery indicates on pages 2 and 5.

The collections we offer are well timed and more complete as to color, but all these illustrated varieties can be found in our general list and some in each collection.

**Campanula Carpatica**

About 8 inches high. Blooms from June to October. Very fine for the rockery.

**Tunica Saxifraga**

A slender, graceful, tufted plant about 6 inches high, with light pink flowers produced all summer.

**Alyssum Saxatile**

Bright yellow masses of bloom in early spring. About a foot high. A very satisfactory rock plant.

**Sempervivum Ternatum**

Broad rosettes of foliage with reddish brown tips. Pale red flowers rise above foliage about a foot. Blooms in June and July.

**Phlox Subulata**

Rose-pink flowers in great profusion in early spring. Only a few inches high. Creeping type.

**Nepeta Mussini**

8 to 10 inches high. Covered with pale lavender flowers in May and frequently later in the summer. An excellent rock plant.

**Blue Bells of Scotland**  
(*Campanula Rotundifolia*)

Grows 1 foot high. Blooms June to August. An excellent rock garden plant with bell-shaped, clear blue flowers.

**Arabis Alpina**

Height about 6 inches. A close carpet of white flowers in early spring. Silvery gray-green foliage.

**Viola, Hansa**

Very dwarf habit and continuous blooming from early spring through the summer.

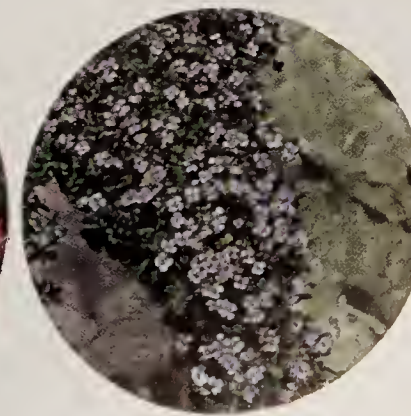

**Gypsophila Repens**

Low, trailing plant with clouds of small white and pink flowers in July and August.

**Sedum Sieboldi**

Attractive foliage all summer. Rosy crimson flowers in July and August. Height 6 inches.

**Aubretia Eyri**

Very beautiful creeping type of plant for carpeting beds or rockeries. Rose-pink flowers from early spring for several weeks.

# That "Most Delightful" Rock Garden

WE SAY "MOST DELIGHTFUL" because we feel, with the public, that Rock Gardening is just that. The continuous change of coloring from early spring when the white Snowdrops, the yellow Eranthis, and the blue Scilla and Chionodoxa, which have been planted in the fall, make their glorious appearances after the dreary winter atmosphere to announce to the world that

## Spring Has Arrived

Then the continuous coming into bloom of the numerous varieties of plants, each one with its own beauty and message to the world, gives us the proverbial "spring fever."

Our stock of these plants is better looking and will give greater joy to our garden friends than ever before. From the little cottage garden to the more pretentious estate, the joy will be alike to all.

We have tried to make up our special collections to give you the most color and as continuous as the planting will allow.

The plants in our collections are identically the same as quoted in our general list. Collections cannot be changed, so please do not ask us to do that.

## General List of ROCK GARDEN PLANTS

NOTE: For explanation of numbers appearing after each variety, see Rock Garden Offers appearing on page 5.

	Each	Three	Doz.
ACHILLEA tomentosa. (1). 6 to 8 inches. July to September. Bright yellow flowers. Excellent for rockeries; plant 4 inches apart .....	\$0.35	\$0.85	\$2.50
AJUGA genevensis. (1, 2). Grows 6 to 8 inches high; dense spikes of blue flowers in May and June.....	.40	1.00	3.00
AJUGA reptans rubra. (1). Grows 3 to 4 inches high, with deep purplish blue flowers in May and June.....	.35	.85	2.50
AJUGA multicoloris. (1). Variegated.....	.40	1.00	3.00
ALYSSUM argenteum. (3). Dense growth. Leaves silvery beneath, flowers yellow in clustered heads, all summer. About 15 inches.....	.30	.75	2.25
ALYSSUM saxatile compactum. (1, 2, 4). Broad masses of bright yellow flowers in early spring. An excellent plant for the rockery or front of borders. 1 foot.....	.30	.75	2.25
ALYSSUM wulfenianum. (1). A dwarf, prostrate kind with gray foliage and yellow flowers. May and June.....	.40	1.00	3.00
ANCHUSA myosotidiflora. (1). A distinct, dwarf perennial from Russia with clusters of charming blue flowers resembling Forget-me-nots. An effective rock plant for shady or sunny places. Flowering in May and June. 12 inches high.	.40	1.00	3.00
AQUILEGIA alpina. (1, 2, 3). A beautiful, short-spurred form, blue and very rare.....	.40	1.00	3.00
AQUILEGIA coerulea (Rocky Mountain Blue Columbine). (1). Lovely blue flowers with long spurs.....	.40	1.00	3.00
ARABIS alpina. (1, 2, 4). Pure white flowers produced in dense masses. Splendid for border and rockery work, and last quite some time when cut.....	.30	.75	2.25
ARABIS alpina flore pleno. (1). Same as above but with double white flowers; very fine rock plant.....	.50	1.20	3.50
ARABIS alpina rosea. (1). Similar in habit to the above. The flowers are a delicate pink.....	.50	1.20	3.50
ARENARIA montana. (1, 2, 3). Close tufts, profusely covered with small, silvery white flowers quite early in the season. Excellent as an edging plant in formal gardens and for rockeries in sunny places. The flowers in May resemble small, white, upturned Morning Glories.....	.35	.85	2.50
ARENARIA verna. (1). A prostrate growing plant, creeping low over the ground and between cracks in stones. Excellent for the rock garden and between flagstones.....	.35	.85	2.50
ARMERIA lauchean. (1, 2, 4). Bright rosy red. 3 to 6 inches. May and June. Very free flowering.....	.35	.85	2.50
ARMERIA maritima alba (1, 3). 3 to 6 inches. May and June. Tufts of deep green foliage; white flowers.....	.35	.85	2.50
AUBRIETIA Eyri. (1, 3). Rosy lilac; best of all.....	.40	1.00	3.00
AUBRIETIA Leichtlini. (1). Tiny rosy pink flowers. April and May .....	.40	1.00	3.00
CALAMINTHA alpina. (1, 3). A very graceful little rock plant, growing 6 inches high, with rich purple flowers.....	.35	.85	2.50
CAMPANULA carpatia. (4). A pretty species growing in compact tufts not exceeding 8 inches high; flowers clear blue, held erect on wiry stems. It begins blooming in June, continuing until October. As an edging for hardy border or for the rockery it is unsurpassed.....	.35	.85	2.50
CAMPANULA muralis. (1). Very dwarf plant, covered with blue-purple flowers in June. Fine for wall or rock garden. The most popular wall plant or rock plant of the entire Campanula group.....	.50	1.40	4.00
CAMPANULA pusilla. (1, 2). Pale blue, creeps and blooms all over .....	.50	1.40	4.00
CAMPANULA rotundifolia (Blue Bells of Scotland or Harebells). (2, 3). 1 foot. June to August. In the wild it is more slender and taller than in the garden; clear blue flowers. Especially suited for crevices in the rock garden or deep slopes, best planted so as to show pendent habit. Does well also in light shade.....	.35	.85	2.50

	Each	Three	Doz.
CERASTIUM columnae. (1, 2). A very small choice form of C. tomentosum.....	\$0.35	\$0.85	\$2.50
CERASTIUM tomentosum (Snow-in-Summer). (4). A low-growing plant having silvery white foliage and producing an abundance of snow-white flowers in May. Especially suitable for rock or border purposes.....	.35	.85	2.50
DIANTHUS alpinus Allwoodi. (1). This is one of the loveliest of all rockery Pinks, with glossy leaves and large flowers of various shades of rose and pink on 4-inch stems, produced during July and August. It thrives best in loam with some lime added. A gem for the rock garden.....	.35	.85	2.50
DIANTHUS arenarius (Sand-Loving Pink). (2, 3). This Pink delights in a sandy soil and sun. Flowers white with carmine ring, on 5-inch stems, deeply fringed and fragrant. Excellent for dry, hot places.....	.35	.85	2.50
DIANTHUS, Brilliant. (1, 2, 4). Glowing crimson-red; a most striking rock plant.....	.30	.75	2.25
DIANTHUS caesius grandiflorus (Cheddar Pink). (2, 3). It is very compact in growth and makes a cushion of glaucous leaves, from which in May spring the sweet smelling, rose-colored flowers. It varies as much as from 4 to 10 inches in height. It is easily grown and very fine for the rock garden.	.40	1.00	3.00
DICENTRA eximia (Plumy Bleeding Heart). (1). A dwarf-growing sort, with beautiful finely cut foliage and showy racemes of pretty pink flowers throughout the season. Too much cannot be said for this fine border plant as it is equally at home in full shade or sun and perfectly hardy anywhere..	.40	1.00	3.00
ERINUS alpinus roseus (1). Pretty rosettes of foliage and racemes of rosy purple flowers. A first-rate rock plant and also invaluable for establishing on old walls or between steps. 4 inches. May and June.....	.40	1.10	3.50
ERINUS alpinus albus. (1, 2). White form of the above....	.40	1.10	3.50
GEUM He'dreichi. (1). Beautiful plant, velvety tufts of leaves with gorgeous orange-red flowers, 1 inch across. The hardiest of all Geums.....	.35	.85	2.50
Gypsophila cerastioides. (1, 2). An exquisite little gem with red veined white flowers. Choicest of the genus.....	.30	.75	2.25
Gypsophila repens. (1, 2, 3). A beautiful trailing plant for the rockery, with clouds of small, white and pink flowers in July and August.....	.30	.75	2.25
HELIANTHEMUM, Mrs. Earle. (1, 2). Double, scarlet....	.30	.75	2.25
HELIANTHEMUM croceum. (2, 4). Yellow.....	.35	.85	2.50
HELIANTHEMUM, Fireball. (1). Bright scarlet, double...	.30	.75	2.25
HELIANTHEMUM, Orange Double. (3). .....	.30	.75	2.25
HELIANTHEMUM praecox. (1). Single; yellow, silvery foliage .....	.40	1.10	3.50
HELIANTHEMUM rhodanth. carneum. (1). Large, pink flowers; silvery foliage.....	.40	1.10	3.50
HEUCHERA sanguinea. (1, 2). Flowers bright crimson on 12 to 18-inch stems in June to September; very free flowering. Nice for cutting. Excellent for rock garden.....	.50	1.20	3.50
HOUSTONIA coerulea. (1, 2). A lovely little plant for the rock garden, where it will self-seed and establish itself freely. Plant in fall or very early spring.....	.35	.85	2.50
HYPERICUM fragile. (1, 2). A prostrate species equally choice, yellow flowers and blooms all summer.....	.50	1.20	3.50
HYPERICUM olympicum. (3). Golden yellow creeper. Grayish green foliage, bearing golden yellow flowers. June and July .....	.35	.85	2.50
IRIS cristata (Evansia). (1). A dainty native creeping species only 3 inches in height; flowers rich amethyst-blue in May; a gem for a shady spot in the rock garden or an excellent ground cover under trees when it will form a solid carpet covered with flowers which are very lovely to behold.....	.35	1.00	3.00
IBERIS gibraltarica. (1). Delicate pink, dwarf in habit and completely covered with small pink flowers mid-April till mid-May .....	.35	.85	2.50

# General List of Rock Garden Plants—continued

	Each	Three	Doz.
IBERIS sempervirens (1, 4). Covered with a sheet of white flowers in spring, completely covering its rich dark green foliage; a particularly fine rock plant.....	\$0.35	\$0.85	\$2.50
IBERIS, Little Gem. (2, 3). Dwarf, pure white flowers in June. Its uniform, neat habit makes it one of our best rock or edging plants; perfectly hardy.....	.40	1.10	3.50
IRIS pumila violacea. (1). Rich violet-purple, dwarf foliage. 10 to 12 inches. Large flowers.....	.40	1.10	3.50
LAVANDULA vera. (1). This is the true Sweet Lavender; grows about 18 inches high; delightfully fragrant blue flowers in July and August.....	.35	.85	2.50
LINARIA hepaticifolia. (1). A neat and pretty ground cover with light blue flowers, suitable for paths and shady places.....	.35	1.00	3.00
LINUM perenne. (1). Very attractive, both in foliage and bloom. Flowers beautiful pale blue on slender, graceful stems.....	.30	.75	2.00
LYCHNIS viscaria flore pleno. (1, 2). A fine, double variety; fine for cutting.....	.40	1.10	3.50
LYCHNIS viscaria splendens alba. (1). Flowering profusely in June and July; it is one of the best white flowers at that time of the year. 8-10 inches high. Fine border plant.....	.35	.85	2.50
MYOSOTIS palustris semperflorens. (1). Large, rich blue flowers with yellow eye; a charming plant for damp places and a more profuse bloomer than the alpestris, which also is inclined to be biennial in habit.....	.30	.75	2.00
MAZUS reptans. A dwarf and interesting Alpine plant, covered in early spring with dainty lilac flowers with a small white lip, borne just above the foliage.....	.40	1.10	3.50
MAZUS rugosus. (1, 2). Trailing growth covered with masses of blue and white flowers. Blooms the entire season.....	.35	.85	2.50
NEPETA Mussini. (1, 2, 4). An excellent plant for any position but especially useful in the rock garden. Of dwarf, compact habit, producing masses of bloom of a beautiful shade of lavender all spring and intermittently during the summer; it is one of the most used rock plants or edging plants in Europe. A garden in which the paths are edged with Nepeta Mussini should be fairly large as it is quite strong in growth; it may be clipped back at any time. Very lovely plant.....	.35	.85	2.50
NIEREMBERGIA rivularis. (2, 3). A charming dwarf creeping Alpine plant, bearing large, creamy white, cup-shaped flowers from June till September; most desirable plants for rockery.....	.40	1.00	3.00
PHLOX subulata alba. (1). Pure white flowers completely covering the neat, compact plant in May; a lovely thing for the rock garden.....	.30	.75	2.00
PHLOX subulata, Appleblossom. (1, 2). Creeping Phlox of a very delicate pink color.....	.30	.75	2.00
PHLOX subulata rosea. (4). Rose-pink. Fine for covering banks; thrives in hot, dry situations, and blooms profusely.....	.30	.75	2.00
PHLOX subulata, Fairv. (1, 2). Pale blue with dark purple eye; a beautiful little rock plant. Same habit as Vivid. Slow growing, neat in habit, with compact foliage, not spreading like Lilacina.....	.35	.85	2.50
PHLOX subulata, Vivid. (1, 2). Bright pink with dark pink eye. We would say that this is the choicest and loveliest dwarf Phlox in existence.....	.50	1.20	3.50
PHLOX amoena. (1). This is one of the best varieties for carpeting the ground, the rockery, or the border. It grows but 4 inches high and in the spring is a sheet of rich bright pink flowers.....	.35	.85	2.50
PHLOX divaricata canadensis. (1). One of our native species, which is worthy of extensive planting, commencing to bloom early in April, and continuing through May, with large, fragrant, lavender flowers on stems 10 inches high. In spring this plant is sold in pots to insure best results; in fall field-grown plants are best to use.....	.35	.85	2.50
PHLOX, G. F. Wilson. (3). Soft lavender. Flowers are more star-shaped and flowers denser than Phlox subulata.....	.35	.85	2.50
PHLOX ovata (Carolina). (1, 2). Bright rosy red flowers in great quantities on 12-inch stems during June and July; good for rockery.....	.40	1.00	3.00
PLUMBAGO larpentae. (1, 2, 3). One of the most desirable border and rock plants. It is of dwarf, spreading habit, growing 6 to 8 inches high, covered with deep blue flowers during late summer and fall.....	.35	.85	2.50
POLEMONIUM reptans. (1). Dwarf, bushy plant of graceful growth. Showy blue flowers, 6 inches high in early spring. Should be used in the rock garden and border, in shady places; foliage very good all summer.....	.40	1.00	3.00
PRIMULA polyanthus, Giant Munstead. (1). Giant bunch Primrose. Grows best in damp situation and semi-shade.....	.50	1.20	3.50
SANTOLINA chamaecyparissus (Incana). (1, 2, 3). A sweet-smelling dwarf evergreen perennial, with delicate, silver-white foliage, useful as rock or border plants; also largely used for edgings to flower beds or walk. 1 foot.....	.35	.85	2.50
SAPONARIA ocymoides splendens. (1, 3). Pretty prostrate border and rockery plant; flowers rosy pink, produced in great quantities just above the foliage in late May and June.....	.30	.75	2.00
SAXIFRAGA decipiens (Crimson Moss). (1, 2, 3). Dwarf mossy plants bearing white flowers in May and June. The green foliage turns a bronzy crimson in winter. 4 inches high. Splendid rock plant; prefers light shade.....	.50	1.20	3.50
SEDUM acre (Golden Moss). (4). Much used for covering graves; foliage green; flowers bright yellow; prostrate and slowly spreading.....	.30	.75	2.00
SEDUM album. (1, 2). Dwarf and spreading; thick, waxy round foliage, white flowers; good rock plant.....	.30	.75	2.00
SEDUM anapetalum. (1). Rare. Forms a low, glaucous mat often tinged with red-yellow flowers. June and July.....	.30	.75	2.00
SEDUM anglicum. (1, 2). Neat growing gray leaves, pink flowers.....	.30	.75	2.00
SEDUM glaucum. (3). Excellent dwarf variety for rockeries or border edgings; prostrate and of slow growth.....	.35	.85	2.50
SEDUM kamtschaticum. (1). Orange-yellow flowers, with prostrate green foliage, turning golden in autumn.....	.30	.75	2.00

	Each	Three	Doz.
SEDUM Middendorffianum. (1). A very choice variety, forming neat little bushes of pretty dented leaves with bronzy green hue.....	\$0.35	\$0.85	\$2.50
SEDUM Nevi. (1, 2). It does not resemble a Sedum. A compact mass of tiny greyish green rosettes.....	.35	.85	2.50
SEDUM oregonum. (1). Like a little Japanese tree with twisted branches terminated with round, fleshy leaves, which turn red in the fall. Yellow flowers.....	.35	.85	2.50
SEDUM sexangulare. (1). Very dark green foliage; yellow flowers; habit much like Acre.....	.30	.75	2.00
SEDUM Sieboldi. (1, 2). Round, succulent, glaucous foliage; bright pink flowers in September. The loveliest of all Sedums.....	.40	1.00	3.00
SEDUM ternatum. (3). The most satisfactory variety for planting in the shade; for ground carpeting under trees or anywhere it is difficult to make plants grow. Spreads rapidly and does well on all sorts of soil.....	.35	.85	2.50
SEMPERVIVUM arachnoideum minus (Small Cobweb House Leek). (1). Tips of leaves in rosettes usually connected by silvery threads, from whence its common name. Flowers bright red in few-flowered panicles. 4 inches.....	.30	.75	2.00
SEMPERVIVUM Brauni. (1, 2). A very attractive rosette-like plant. Color of leaves is bronze, almost a dull red at tip of leaves. At the base a dull green. 6 inches.....	.30	.75	2.00
SEMPERVIVUM Doellianum. (1). Small, hairy rosettes of pale green leaves, tinted red at the tips. The panicles of bright red flowers are 4 to 6 inches high. Effective when grown in large masses.....	.30	.75	2.00
SEMPERVIVUM globiferum. (1, 2). Flattened rosettes, 2 to 3 inches in diameter, of grey-green leaves, lightly tipped brown. Pale yellow flowers, three-fourths to one inch in diameter, in densely hairy panicles 1 foot high.....	.30	.75	2.00
SEMPERVIVUM triste. (1). A rare variety with dark or brown rosettes.....	.30	.75	2.00
SILENE alpestris. (1, 2). Dwarf rock plant; dainty, pure white flowers in May and June.....	.35	.85	2.50
SILENE maritima. (1). Splendid grey foliage and Carnation-like white flowers. Excellent for wall planting.....	.35	.85	2.50
SILENE Schafta (Autumn Catchfly). (1, 2). A charming border or rock plant, growing from 4 to 6 inches high with masses of bright pink flowers from July to October.....	.35	.85	2.50
TEUCRIUM chamaedrys. (1). Glossy green foliage resembling dwarf Boxwood where the latter is not hardy. Can be clipped to suit any height up to 12 inches.....	.50	1.20	3.50
THYMUS citriodorus. (1, 2). The well known "Lemon Thyme".....	.35	.85	2.50
THYMUS citriodorus aureus. (1, 3). Gold and green. Strong lemon scented.....	.35	.85	2.50
THYMUS lanuginosus (Woolly-Leaved Thyme). (1, 2). Woolly foliage with bright pink flowers.....	.35	.85	2.50
THYMUS serpyllum album (White Mountain Thyme). (1, 3). Forms dense mats of dark green foliage and clouds of white flowers.....	.35	.85	2.50
THYMUS coccineum. (1, 2, 3). Plants become completely covered with brilliant crimson-scarlet flowers.....	.35	.85	2.50
THYMUS azoricus. (1). The true form of Thymus. A dainty shrubby species, forming compact little bushes of light green foliage and rosy flowers.....	.35	.85	2.50
TUNICA saxifraga. (1, 2, 3). A pretty tufted plant with light pink flowers produced all summer, about 6 inches high; for the rockery or border.....	.30	.75	2.00
VERBENA canadensis. (1, 2). New. A perfectly hardy plant with rugged dark green foliage and clusters of royal purple flowers.....	.50	1.20	3.50
VERONICA amethystina, "Royal Blue." (1). Beautiful spikes of rich gentian-blue flowers. 10 to 15 inches. June and July flowering.....	.35	.85	2.50
VERONICA filiformis. (1). A marvelous ground cover over bulbs or large rocks. It is evergreen and has beautiful sky-blue flowers.....	.35	.85	2.50
VERONICA gentianoides. (1). Beautiful variety with spikes of large flowers, palest blue edged deep blue, in June and July. 1 foot.....	.35	.85	2.50
VERONICA incana (Candida). (1, 2). 1 foot. July and August. A white, woolly plant; flowers numerous; blue. Has good appearance, both in and out of bloom. Useful in rockery or for edging paths and flower beds.....	.30	.75	2.00
VERONICA pectinata rosea. (1). A woolly-leaved variety of great value as a ground cover. Pink.....	.50	1.20	3.50
VERONICA repens. (1, 2, 4). 1 to 2 inches. May and June. A useful rock or carpeting plant with light blue flowers. Not very hardy, we recommend Rupestris in its place.....	.35	.85	2.50
VERONICA rupestris. (1, 2). A fine rock plant growing 3 to 4 inches high; thickly matted, deep green foliage, hidden in early June under a cloud of bright blue flowers. Does well in light shade and is also a good ground cover for shrub borders.....	.35	.85	2.50
VERONICA rupestris nana. (1). Prostrate and creeping, and flowers at the same time as Rupestris, forming a dark green carpet of shiny foliage which is covered with deep gentian blue flowers in late April and early May. One inch high. One of the best early blue rock plants known.....	.50	1.20	3.50
VERONICA Trehani. (1). Trailing variety with golden foliage and choice blue flowers.....	.35	.85	2.50
VIOLA, Sutton's Apricot. (1, 2). Beautiful rich apricot shade, tinged orange toward the center.....	.35	.85	2.50
VIOLA, Floraire. (1, 2). A gem, producing profusely all summer through, small blossoms of pale blue. Famous in and around Geneva, Switzerland. A product of Monsieur Correvon. Fine for rockery.....	.35	.85	2.50
VIOLA, Hansa. (1). This Viola carries its lovely rich violet flowers on long stems. Blooms profusely and continuously all season.....	.35	.85	2.50

All varieties mentioned in this list are pot grown, transplant more satisfactorily and should be planted immediately upon arrival, and no special instructions are necessary.

# Dainty Colored Perennials

~ Excellent for  
Rock Gardens

**Aquilegia Coerulea**

A glorious, long-spurred variety with lovely blue flowers. This beautiful blue Aquilegia has proved such an asset in every garden on account of the lack of good blue flowers in the average garden, that we cannot too highly recommend it, where a nice blue is desired. Price, 40c each; \$1.00 per 3; \$3.00 per doz.

Once planted, will continue to bloom year after year, with care.

All our border and rock garden plants are pot grown in soil certified and approved by the U. S. Dept. of Agriculture and we can ship them safely during the entire spring, summer and fall of 1933.

**Heuchera Sanguinea**

Grows on 12 to 18 inch stems, blooming from June to September. A beautiful free flowering plant that adds a touch of color in the rock garden. Price, 50c each; \$1.20 per 3; \$3.50 per doz.

**Sedum Sieboldi**

Attractive foliage all summer; leaves glaucous green with rosy margin. Rosy crimson flowers in July and August. Height 6 inches. Price, 40c each; \$1.00 per 3; \$3.00 per doz.

**Primula Polyanthus  
(Giant Munstead)**

An indispensable spring flower and should be used largely in flower beds, borders and rock gardens. Price, 50c each; \$1.20 per 3; \$3.50 per doz.

# Tuberous rooted

**A**LL TOO MANY GARDENS have unattractive, densely or partially shaded places, which have been a worry to the average gardener.

This beautiful Begonia solves the problem and will not thrive in the sun, but shade and moisture turns the unsightly shady place into a little paradise.

The flowers are very brilliant in colors, such as scarlet, crimson, pink, yellow, white, orange and salmon, and run in size from 2 to 4 inches.

We can supply separate colors at the same price if desired, but the effect of mixed colors has always been the most attractive.

The double Begonia with its "Gardenia-like" flower, in all colors, is as gorgeous as the single.

Every garden provides an opportunity for some of these most brilliant flowers.

## The Queen of Garden Flowers

MANY fads and fancies have come and gone, but the Gladiolus still stands supreme.

Its cultivation is the most simple and requires no care after planting. Not hardy, but will keep in any dry, frost-proof place during the winter.

Our collections have been selected with such care that all colors are represented in each collection and to suit any income.

Our mixtures are made up from named varieties, and represent a riot of colors.

Varieties may be ordered separately, of course.

Baron Jos. Hulot.

Mrs. Watt.

Break o' Day.

# Exhibition Dahlias

The modern Dahlia, with its colors so well in harmony with the fall landscape and which has proved itself such a friend to all flower lovers in the garden as well as in the home, has not lost any of its popularity and still creates friendly rivalry among garden neighbors for size and color and no end of pleasure at local flower shows.

Our list of varieties, although limited, has been selected to include almost any color and shade, and of good growing and free blooming habits. (All Dahlias respond well to feeding and watering—not sprinkling).

## Mabel Goodacre

A very beautiful lavender-pink of unusual shade, excellent form and proudly carried on sturdy stems.

**What a Variety for That Flower Show!**  
1 tuber, \$2.00.

## Monmouth Champion

One of the finest introductions of 1930, of enormous size and vigor; color is a brilliant orange-flame; sturdy stems and a prize winner. 1 tuber, \$2.50.

# ~ marvelous color blendings ~

## ~ Enormous in Size ~

### **King Midas**

A very popular golden yellow flower of large size. Sturdy growth and responds very well to pinching back and disbudding where exhibition flowers and stems are wanted. 1 tuber, \$1.50.

#### **SPECIAL OFFER No. 11**

1 each of 4 varieties  
shown in color.

**\$9.00**

#### **SPECIAL OFFER No. 12**

1 each of 14 varieties  
listed on page 18.

**\$14.00**

#### **SPECIAL OFFER No. 13**

1 each of 18 varieties  
listed on pages 16, 17, 18.

**\$22.00**

### **Dwight W. Morrow**

Named in honor of our late Ambassador. A gigantic Dahlia of a gorgeous red shade with velvety sheen. The form is outstanding among Dahlias. 1 tuber, \$5.00.

# General List of EXHIBITION DAHLIAS

## CATHERINE C. BYRNE

This variety fills the want of an outstanding white Dahlia of large size, beautiful form, and the purest white. 1 tuber, \$1.50.

## DR. JOHN CARMAN

A huge bloom of attractive shape. Color Tyrian rose, shaded silver. A variety for every garden. 1 tuber, \$1.00.

## EDNA FERBER

The extreme size and beauty of this Dahlia demands attention. Flowers with eurlly and twisted petals carried on long, erect stems. Color, glistening coral, shading to old gold at base of petals. 1 tuber, \$1.00.

## FORT MONMOUTH

What is a Dahlia Show without this gigantic velvety, deep elaret colored flower? Prolific grower and free bloomer. 1 tuber, \$1.50.

## FRANCIS LA ROCCA

We offer the deep golden yellow variety which compares so favorably with the lighter yellow of the same name. Great eut flower on fine stems. 1 tuber, 50c.

## JANE COWL

Still one of the best of the popular varieties and with its real autumn color of buff and gold, blending to apricot-rose in the center, it makes this one of the most desirable garden and exhibition flowers. 1 tuber, 75c.

## KENTUCKY

Also of the same charaeteristics as Jersey's Beauty. Color, Jersey's Beauty pink with yellow and gold blended in, giving it a salmon-pink appearance. Great for eutting. 1 tuber, \$1.00.

## MABEL GOODACRE

A very beautiful lavender-pink very well formed, and carried well on sturdy stems. 1 tuber, \$2.00.

## PRESIDENT HERBERT HOOVER

Color a blending of peach, red, and begonia-rose, but quite bright. Long and erect stems. 1 tuber, \$2.00.

## QUEEN OF THE GARDEN BEAUTIFUL

A very large primrose-yellow Dahlia of vigorous growth, and a good produceer. Originated in the garden of San Quentin prison. 1 tuber, 75c.

## RISING SUN

A real conspicuous and attractive variety, color sun-flower-yellow, shaded and suffused brilliant fiery red. Strong stems, medium sized flower, but very pleasing and well in demand. 1 tuber, \$2.00.

## ROSE FALLON

Amber, russet, and salmon color. Excellent stems. Very large. 1 tuber, 75c.

## TRENTONIAN

By no means a new introduction, but still outstanding in color, stem, and vigor. Color a blending of old gold, amber and coppery-bronze, with deeper center. Very appealing and long, strong stems. 1 tuber, 50c.

## WATCHING SUNRISE

The petals of this exquisite flower are somewhat eurlled and twisted, showing its rose-pink color on the reverse side of petals clearly. Color golden amber. Very distinct. Strong stems. 1 tuber, \$1.00.

Rev. F. Page-Roberts.  
A Multicolor Rose.

# MODERN Roses

THE Rose Garden or even an individual bush, lends charm to its surroundings, producing flowers from spring 'til fall, with proper care, and is an ideal cut flower.

When planting Rose bushes, be sure to pack the soil very tight around the roots, and, of course, a Rose is a water-loving plant.

## Multicolor Rose Varieties

Selected as unusually strong growers, these approved varieties will give the utmost satisfaction in bloom and color blendings.

### REV. F. PAGE-ROBERTS

Coppery gold. Long pointed buds of coppery red. Full; double; very fragrant. Particularly beautiful in the fall. \$1.00 each.

### TALISMAN

The Rose of many Gold Medals. Color, gold, apricot, yellow and old rose. Very free flowering. \$1.00 each.

### WILLOWMERE

Rich pink, shaded in center when fully open. \$1.00 each.

### PRESIDENT HERBERT HOOVER

Cerise-pink, flame-scarlet and yellow. A real wonderful color effect. \$1.00 each.

# NEW *Large-Flowered* HARDY CHRYSANTHEMUMS

**D**ID it ever occur to you that towards fall, when all plants and bulbs have given us their fragrant beauty for several weeks or months, that a change of flower gives us a new thrill?

That is why the Hardy Chrysanthemum has won its deserving place in so many gardens, and will eventually be "adopted" by everyone. Just think how appropriately Nature has clothed them to harmonize with the coloring of the beautiful fall landscape, which millions of people travel millions of miles to see, and then think how fortunate we are that we can have that at home in our own garden. Do we really appreciate it all as we should?

And how little care they require.

When Chrysanthemum flowers are beautifully exhibited in a flower shop, what a desire they create to possess them, and then to realize how easily this desire can be satisfied by planting a few around our homes and gardens.

## Collection of 18 Varieties of the Larger Type

PRICE:

35c each; 85c per 3; \$2.50 per doz.

### ALOMA

New Japanese; terra-cotta-bronze; very attractive; fine grower.

### ALICE HOWELL

Orange-yellow; early and free flowering; also good outside.

### BARBARA CUMMING

Clear yellow shading to orange bronze. Large flowering. Blooms from August to October.

### CARRIE

Deep yellow; a beauty (like Glory of Seven Oaks).

### CHAMPAGNE

Bright ruby-red, tinted yellow.

### EDEN

Bright rose. Remarkable when disbudded.

# Hardy Chrysanthemums

## FIRE BIRD

Fine early red, suitable for pot plants, also hardy.

## GYPSY GIRL

Chestnut-crimson. Single type with double row of petals. Flowers early October.

## L'ARGENTEUILLAIS

Decorative. Deep chestnut-red overlaid with yellow.

## MIRAMAR

Pompon. Fine bronze.

## MRS. L. BIRCHARD

A comparatively new Pompon. The flowers are large, clean cut, and of a splendid shade of bright shell-pink. Very free. October 10th.

## MRS. CALVIN COOLIDGE

This valuable addition was originated by the U. S. Bureau of Plant Industry. It is a fine example of the single type. A rich cardinal-red. October 10th.

## RUTH HATTON

Clear ivory-white, exceptionally prolific.

## MRS. W. E. BUCKINGHAM

Rosy pink, early; rather large; good keeper.

## MURILLO

Best pink among early hardies. Matures October 12th.

## OCTOBER GIRL

Pink shaded with lavender. Flowers are semi-double. Blooms early October.

## RUTH CUMMING

Reddish bronze; dwarf, compact growth; valuable for indoor growing.

## TASIVA

White. Matures October 1st.

Ruth Cumming.

Carrie.

## COLLECTION OF 18 VARIETIES

### Pompon, Anemone and Button Types

PRICE: 35c each; 85c per 3; \$2.50 per doz.

#### ADELAIDE

A splendid, deep, rich mahogany, one of the earliest to develop, being ready to cut by October 10th. Strong, healthy grower and a desirable variety in every way. About 4 feet when well grown.

#### CAPTAIN COOK

Early, rose-pink.

#### CLARA JAMISON

Lovely combination of bronze and scarlet. One of the showiest varieties in our garden this past fall. Keeps blooming profusely even after heavy frost.

#### CORA PECK BUHL

Bright yellow, larger, brighter than Sunglow.

#### DAINTY MAID

Pearly white; baby type. Most perfect baby Pompon.

#### ERMALINDA

Old rose.

#### ETHEL

Bright red baby Pompon. Free flowering.

#### IRENE

Early pure white, suitable for pot plant. 1 to 1¼ inch blooms.

#### JEWELL

(New). Wonderful pink.

#### LILLIAN DOTY

Pompon; shell-pink; large flowers.

#### MRS. H. F. VINCENT

An exquisite shade of fawn and bronze with salmon-pink shadings. This variety also is very strong in growth and the foliage is perfect in every way.

#### NUGGETS

Yellow button type.

#### RED DOTY

Pompon; large, wine-red with silver.

#### RODELL

Button type; early yellow.

#### SILVER BALL

Very early; pure white.

#### SKIBO

Early yellow button.

#### WHITE DOTY

Pompon; white sport from Lillian Doty.

#### YELLOW DOTY

One of the finest yellows in the large-flowering section of the Pompons. A wonderful grower with flowering stems 4 feet long and a magnificent bright yellow in color.

able  
friends  
among  
garden  
flowers.

## Dielytra (Dicentra)

### Bleeding Heart or Seal Flower

The long racemes of graceful, heart-shaped, pink flowers are unusually attractive. A very valuable plant for the hardy border, and partial to shady places. Large, field-grown clumps.

1 clump, 60c.    3 clumps, \$1.50.    12 clumps, \$5.00.

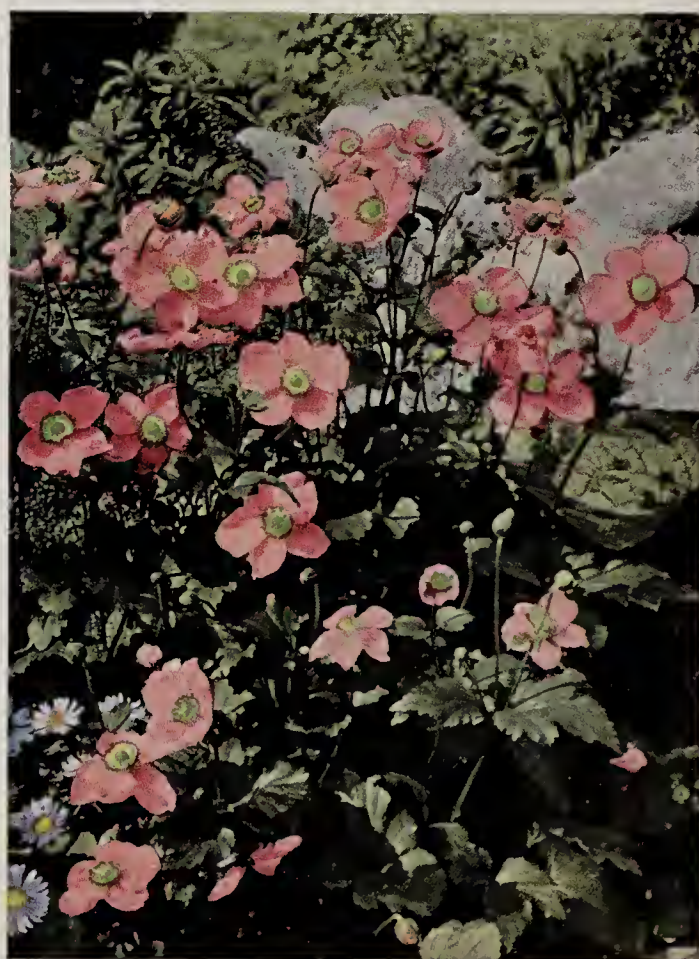

## New Introduction

## ANEMONE, September Charm

A very lovely addition that will prove valuable because it is in full flower by September 20th, early enough to escape the injurious frosts of New England. The individual flower is of medium size, two inches or more in diameter. The color is delicate silvery pink, shaded with rose and mauve, presenting a beautiful color mass when grouped. Extremely free and attains an average height of two feet. September Charm is the progeny of Hupehensis crossed with Japonica, Queen Charlotte, combining earliness and freedom of the first parent with the fine color and larger flower of the Japonica type. April and May delivery.

3½-inch pot plants:

60c each.    3 for \$1.60.    12 for \$6.00.

Anemone, September Charm.

# *Tritoma*

*Red Hot Poker or Flame Flower*

Hardy with little protection.

## **RUFA**

The miniature Tritoma, which is becoming very popular. 3 for \$1.00; 12 for \$3.00.

## **SUPERB HYBRIDS**

A selection of new colors from white to yellow and coral-pink. Early and constant bloomers. 3 for \$1.00; 12 for \$3.00.

### **SPECIAL COLLECTION No. 23**

- 3 New Tritoma, Rufa, in colors
- 3 New Phlox, Salmon Glow
- 3 Dielytra spectabilis
- 3 New Anemone, September Charm

*12 Plants, \$6.00*

Salmon Glow.

# *Phlox*

These are the old-fashioned garden plants of our grandmothers, always beautiful, always entitled to our most affectionate regard, making our homes more attractive. Through the years this old favorite has been greatly improved and today lovers of flowers find a permanent place for these newer varieties.

## **New Phlox, Salmon Glow**

(Jules Sandeau X Elizabeth Campbell)

Lively flame-pink, with salmon shades, softened with lilac and white tints at the center, the effect as a whole being a rich salmon. This new variety is not only extremely free but, like its parent, Jules Sandeau, it improves with age. Three- and four-year-old plants produce perfectly huge trusses from early July throughout the season. Visitors at the nursery who have noted this variety as Seedling No. 1 will welcome its introduction. Price, 75c each; 3 for \$2.10; 12 for \$8.00.

# a Message of Interest

**F**AR BE IT FROM US to remind you of the hard times **behind us**; let us think only of the **future**, which, as we all know, will be the silver lining of the cloud just past.

**BUT**, we like to have you share in our success during 1932, when we sold over twice as many bulbs as in 1931. We do not have to emphasize this accomplishment very strongly, as the reasons are obvious. Our quality, discount for cash, and service, as well as our lifelike illustrations in our books and our good reputation, all helped to inspire confidence in our bulbs and plants and in our concern.

Why not help us make 1933 a banner year, and let us show you our appreciation by supplying you with even better bulbs and plants, wherever this may be possible.

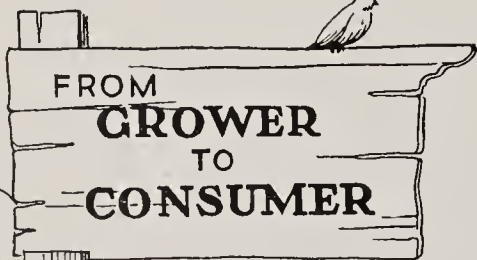

General Office and Warehouse at Hillegom, Holland.
